BXP-350

Premium 8K Digital Signage Player

Immerse yourself in unparalleled clarity with the BXP-350. This premium device features dual screens that deliver crystal-clear, captivating visuals, while its versatile I/O ports offer seamless integration with various setups. From boardrooms to classrooms, the BXP-350 doesn't just display your ideas – it brings them to life with unparalleled clarity and impact. Inspire your audience today.

Immersive 8K Experience Like No Other

Unlock astonishing precision and detail with the BXP-350's immersive, real-life 8K clarity. Built to support advanced 8K at a stutter-free 60FPS decoding and major video codecs, the BXP-350 ensures top-quality performance across all media formats.

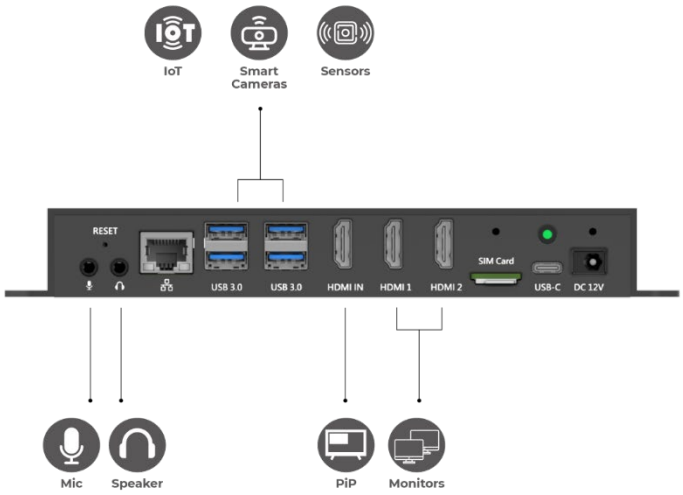

Unleash Dual Screen Brilliance

Whether you're enhancing collaboration in hybrid workspaces, boosting promotional efforts in retail settings, or improving campus communications in higher education, the BXP-350 has you covered.

The BXP-350 is purpose-built to power two ultra-high-definition displays without the hassle of running extra cables or devices, ensuring an efficient and simple setup.

Plug Into Possibility:
Ports for Every Purpose

From live TV streaming with Picture-in-Picture capabilities, integration with IoT devices, and more, BXP-350 is equipped with extensive I/O ports, purpose-built to meet all of your multimedia needs with seamless integration and flexibility.

Reliable Connection
Anytime, Anywhere

Stay connected even in areas without Wi-Fi with the BXP-350's 4G LTE-ready broadband connectivity. Designed for demanding environments,

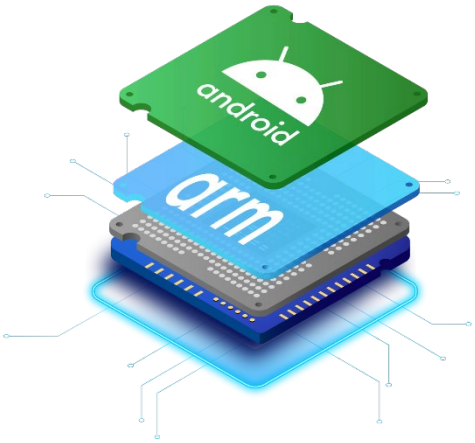

whether outdoor or indoor digital advertising screens, the BXP-350 ensures robust performance.

Together with fast, efficient data transmission with Wi-Fi 6, BXP-350 ensures uninterrupted streaming.

Android 12 Unleashed

Powered by Android 12, the BXP-350 offers advanced security and peak performance to ensure your content management system is protected and optimized.

Its robust multi-core ARM architecture ensures high-performance computing, ideal for demanding signage applications and multitasking.

- Enhanced Safety and Security Features
- Latest Enterprise-Grade Android OS
- Penetration Test Compliance
- Regular Security Patch & OS Update

The Heart of Next-Gen Signage: AI

Transform your digital signage with the BXP-350, equipped with a dedicated NPU delivering 6 TOPS @ Int8.

This powerhouse unlocks advanced AI capabilities, taking your display solutions to the next level.

- Targeted Advertising
- Advanced Analytics
- Live Content Optimization

Secure Mounting
Made Simple

The BXP-350's mounting design ensures a seamless and secure installation across different surfaces. Effortlessly position this digital signage powerhouse exactly where you need it.

	Specifications
System	
Operating System	Android 12 / Android 14 (Planning)
CPU	ARM Quad-Core A76 + Quad-Core A55, 64-bit 2.4GHz
NPU	6 TOPs @ Int8
GPU	Mali-G610 MC4
Memory	8GB
Storage	128GB eMMC
Watchdog	Support

Media	
Video Decoding	8K@60fps H.265, VP9, AVS2, 8K@30fps H.264
Video Encoding	8K@30fps H.264/H.265

Video Output	
Video	Support WMV, AVI, FLV, RM, RMVB, MPEG, TS, MP4.
Photo	Support BMP, JPEG, PNG, GIF

I/O Interface	
Ethernet	10/100/1000M
USB 3.0	4 x USB 3.0
USB-C	1 x USB-C for ADB/OTG
Line OUT	1 x Speaker (4 TRRS)
Line IN	1 x Microphone

HDMI output	1 x HDMI 2.1 (7680 x 4320 8K@60fps); 1 x HDMI 2.0 (4K@60fps)
HDMI input	1 x HDMIC-IN (4K@60fps)
External Antenna	2 x 2dB Antenna / 1 x LTE Antenna (optional)

RTC	
RTC Battery	Yes

Button	
Reset Button	1 x Reset Button

OS Upgrade	
OS Upgrade	Upgrade by OTA and USB adapter

Wireless	
WI-FI	WLAN 802.11 a/b/g/n/ac/ax (Wi-Fi 6) (optional)

Expansion	
M.2	1 x M.2, Support 4G
COM port	RS232 DB-9 connector x 1 (Tx & Rx)

Power	
Power Adapter	DC 12V/3A

Mechanical	
Dimension (WxDxH)	205 x 120 x 27 (mm)
Material	Metal
Mounting	Wall mount
Weight	750g

Environment	
Operating temperature	-10°C~60℃
Storage temperature	-40°C to 80°C

Certification	
Certification	CE/UKCA/FCC/RoHS
